

Consultation notice Project QC-2017-03

November 2017

In accordance with the Régie de l'énergie du Québec's decision [D-2011-139](#), the Reliability Coordinator for Québec (the "Reliability Coordinator") is soliciting comments from registered entities and stakeholders on reliability standards and other documents to be filed with the Régie de l'énergie du Québec for adoption or approval, depending on the nature of each document.

Notice recipients

- Entities listed in the Register of Entities Subject to Reliability Standards
- North American Electric Reliability Corporation, Inc. (NERC)
- Northeast Power Coordinating Council (NPCC)
- NPCC Reliability Coordinators
- Régie de l'énergie du Québec

Consultation period: November 10, 2017 to November 24, 2017.

- Comments must be received no later than November 24, 2017 at 23:59.

Documents submitted for consultation

The purpose of the current public consultation is to harmonize the Québec reliability regime with neighboring regimes. The Coordinator wishes to file four new versions and one new standard. Details of these standards can be found in the supporting documents that accompany this project. As the new standards are brought into effect, five standards will be retired.

- **New standards or versions:**
 - INT-004-3.1 - Dynamic Transfers;
 - INT-009-2.1 - Implementation of Interchange;
 - INT-010-2.1 - Interchange Initiation and Modification for Reliability;
 - PRC-006-3 - Automatic Underfrequency Load Shedding;
 - VAR-001-4.2 - Voltage and reactive Control.
- **Standards to be retired :**
 - INT-004-3
 - INT-009-2
 - INT-010-2
 - PRC-006-2
 - VAR-001-4.1

The Reliability Coordinator solicits your feedback on the proposed reliability standards and Québec appendices.

For this purpose, please use the online form available on the consultation page of the Reliability Coordinator's website; (<http://www.hydroquebec.com/transenergie/reliability/consultation.html>), making sure to clearly identify the document (and the section of the document) to which your comments pertain.

You may also send your questions and feedback directly to the following address: fiabilite@hydro.qc.ca.

Supporting documents

- Summary informational document comprised of the following elements:
- A preliminary assessment of the relevance and impact of the proposed standards;
- Québec appendices;
- Proposed effective dates.
