A new video at www.hydloandfriends.com

Kenny Jolly, tallyman.

Technician Rose Wapachee and tallyman representative Jimmy James Neeposh observe the landscape.

A team accompanied by tallymen flew over the Rupert and the diversion bay areas. Their objective was to assess the use of riparian habitats by small game after the partial diversion of the Rupert. They counted the different species, many of which are important for hunting and trapping.

Ptarmigan tracks.

Ptarmigans

Each month, a new video will be added to www.hydloandfriends.com. To learn more, listen to the Hydlo and Friends radio show on JBCCS. Its hosts, Luke MacLeod and Luc Duquette, discuss the environmental follow-up activities related to the Eastmain-1-A/Sarcelle/Rupert project, as well as the concerns of land users with regard to Hydro-Québec's facilities and activities.
