Lake sturgeon fishing is deeply rooted in the traditional Cree culture, particularly in the Nemaska community. A voluntary lake sturgeon catch registry was put in place to help preserve this fish species. In this new video, Jimmy Blackned, lake sturgeon registry monitor, and Lawrence Jimiken, who represents Nemaska on the Monitoring Committee, explain how the program works.

You'll also find beautiful images of Nemaska!

*Each month, a new video will be added to Hydloandfriends.com. To learn more, listen to the Hydlo and Friends radio show on JBCCS. Its hosts, Luke MacLeod and Luc Duquette, discuss the environmental follow-up activities related to the Eastmain-1-A/Sarcelle/Rupert project, as well as the concerns of land users with regard to Hydro-Québec's facilities and activities.*
