Entities listed in the Register of Entities Subject to Reliability Standards
North American Electric Reliability Corporation, Inc. (NERC)
Northeast Power Coordinating Council (NPCC)
NPCC Reliability Coordinators
Régie de l'énergie du Québec (the "Régie") [Québec Energy Board]

Consultation period: September 15, 2025 to September 26, 2025.

Purpose of the consultation

In accordance with the process established by the Régie in Decisions [D-2011-139](#) and [D-2023-049](#), the Québec Reliability Coordinator (the "Coordinator") is asking Registered Entities for comments on the following standard in view of its eventual adoption by the Régie:

New Standard

- BAL-007-1 – Near-term Energy Reliability Assessments

New standard version:

- TOP-003-7 – Transmission Operator and Balancing Authority Data and Information Specification and Collection

Standard to be retired:

- TOP-003-6.1 – Transmission Operator and Balancing Authority Data and Information Specification and Collection

The Coordinator solicits the feedback of Registered Entities on matters regarding the relevance and impact of the proposed standard. For this purpose, please provide your comments using the online consultation form under this notice available on the Public consultation of entities page of the Coordinator's website: (<https://www.hydroquebec.com/reliability-coordinator/documentation/consultation.html>), making sure to clearly identify the related section to which your comments pertain.

You may also send your questions and feedback directly to the following address: fiabilite@hydro.qc.ca.
