

# Wanted!

## **Terawattus Energivorus** Energy-wasting virus

SEX: Depends on the time of day

AGE: About 125

CRIMES: Consuming, over-consuming and wasting energy without caring about the consequences.  
Encouraging others to be wasteful.

This dangerous evildoer is everywhere, and very sneaky. Must be neutralized before humans start using energy-hogging appliances for absolutely everything.

## **Attention!**

If you have any information that could help defeat the virus, contact Inspector **OOWatt** immediately.  
Confidentiality guaranteed.
