REGISTER FOR TENDER CALL NOTICES

Hydro-Québec publishes tender calls in various procurement categories relating to different sectors of the economy.

To receive notices of potential RFPs, first select your categories of interest .

Step 1 : Access My account

From the home page, go to the " **My account** " screen.

The screenshot shows the 'Espace approvisionnement d'Hydro-Québec' website. The user is logged in as 'Prenom N.'. The 'My account' option in the user profile dropdown is highlighted with an orange box. The main content area includes a news section, statistics for RFPs (5) and Open tender calls (6), contact information, and support tools.

Step 2 : Choose purchase categories

1. Scroll down the slider from the screen page to the " **My alerts** " section.
2. Choose the purchase categories for which you want to receive alerts.
3. Click " **See All** " to display all categories and subcategories.

4. A click on the " **hand** " icon ticks the entire category or subcategory. (It will then appear in bold.)
5. Clicking on the " **Plus Sign** " and " **Minus Sign** " icon allows you to open the list of the entire category or subcategory to check your selection.
6. Click **Close**.

The screenshot displays the 'Commodity selector' modal window. At the top, there is a 'Close' button highlighted with an orange box and labeled '6'. Below it, there are search fields for 'Keywords' and 'N° de code UNSPSC'. The main area shows a list of commodity categories with checkboxes. A 'hand' icon next to '1 - Power system equipment - Mechanical' is highlighted with an orange box and labeled '4'. A 'plus/minus' icon next to '2 - Power system equipment - Electrical' is highlighted with an orange box and labeled '5'. The list includes subcategories like '1.1 - Generating station system', '1.2 - Heavy machinery system', '1.3 - Generators', '1.4 - Wood poles', '1.5 - Electrical line and substation hardware', '1.6 - Line and substation steel and insulators', '2.1 - Transformers', '2.2 - Electrical Equipment', '2.2.1 - Misc electrical equipment', '2.2.2 - Breaker', '2.2.3 - Disconnectors', '2.2.4 - Lightning Arresters', '2.2.5 - Electrical and Power Panel', '2.2.6 - Fuses', and '2.2.7 - Switches'. The '2.2.2 - Breaker' checkbox is checked. The background shows the user's profile settings, including language (French), country (CANADA), and time zone (UTC -04:00 Eastern Time).

7. Click on **Save**.

The screenshot shows the user interface of the 'Espace approvisionnement d'Hydro-Québec' website. The header includes the logo, the title 'Espace approvisionnement d'Hydro-Québec', and the text 'Exploité par Ivalua'. The user is logged in as 'Prenom N.'. The main content area shows a 'My alerts' section with a list of selected commodities: '1.1.1 - Turbines and alternators', '1.1.2 - Speed control system', '1.1.3 - Excitation system', and '1.2.1 - Overhead powerhouse cranes and gantry cranes'. A blue 'Save' button is highlighted with a red box, and a red circle with the number '7' points to it.

You will receive the notices of potential RFPs relating to the categories you have chosen via email.
