

Public notice

Canadian Navigable Waters Act

Hydro-Québec hereby provides notice that a submission, including its description, has been added to the Common Project Search online registry under the *Canadian Navigable Waters Act*.

Pursuant to paragraphs 4.1 and 6 of the Act, Hydro-Québec has submitted a description of the following work to Transport Canada in the Common Project Search online registry (<https://cps.canada.ca>) under registry number 13895:

Geotechnical drilling from a barge at the Carillon facility on the Ottawa River in Ontario at the following approximate coordinates:

Latitude: 45.562500°N

Longitude: -74.391111°W

Hydro-Québec must carry out geotechnical surveys at the Carillon facility. As part of the work, three geotechnical boreholes will be drilled from a barge between October 20 and 31, 2025.

Signed in Montréal on this 10th day of October, 2025.

Julie Couture, Advisor – Government Approvals
