Work extension - Reconstruction of electrical facilities
Chemin Heywood and Boulevard Cavendish

July 2026

Hydro-Québec would like to inform you is that the work on chemin Heywood and Boulevard Cavendish **is being extended until September due to unforeseen circumstances on the worksite.**

We apologize for the inconvenience caused by these delays.

Please note that no service interruptions are anticipated as part of this work.

Work schedule

The work will take place from Monday to Friday, from 7 a.m. to 7 p.m., and exceptionally during weekends.

It is expected to be completed by the end of June.

Type of work and location

The project involves rebuilding two underground vaults and the construction of new conduits to house electrical cables.

Work will take place on Chemin Heywood, between Boulevard Cavendish and 6823 Chemin Heywood.

The affected sections will be reopened to traffic as soon as the work is completed and the site restoration is finalized.

Work area

The work will take place in the areas indicated in yellow.

Upgrading the underground power distribution system in the chemin Heywood and Avenue Kellert and Sabin area

July 2026

To improve the quality of electricity service, Hydro-Québec will be carrying out upgrades to the underground power distribution system near you.

The work will take place through August 2026 on chemin Heywood, Avenue Kellert and Avenue Sabin.

Please note that no service interruptions are anticipated as part of this work.

Impact of the work

To carry out this work, Hydro-Québec will need access to land within the public right-of-way.

Traffic restrictions will be in effect during the work.

Mitigation measures

- In the event of obstructions in front of private parking spaces, the residents affected will be informed three days in advance.
- No service interruptions are anticipated as part of this work.
- When the work is completed, Hydro-Québec will restore the site.
- Waste collection services of all types will be maintained.

Work area

The work will take place in the area indicated in red.
