

Consultation notice Project QC-2023-04

March 2023

Notice recipients

Entities listed in the Register of Entities Subject to Reliability Standards
North American Electric Reliability Corporation, Inc. (NERC)
Northeast Power Coordinating Council (NPCC)
NPCC Reliability Coordinators
Régie de l'énergie du Québec (the "Régie") [Québec Energy Board]

Consultation period: March 20, 2023, to April 3, 2023.

Purpose of the consultation

In accordance with the process established by the Régie in Decision [D-2011-139](#), the Québec Reliability Coordinator (the "Coordinator") is asking Registered Entities for comments on the following standard in view of its eventual adoption by the Régie:

New standard version:

- TPL-001-5.1 – Transmission System Planning Performance Requirements

Standard to be retired:

- TPL-001-4 – Transmission System Planning Performance Requirements

The Coordinator solicits the feedback of Registered Entities on matters regarding the relevance and impact of the proposed standard. For this purpose, please provide your comments using the online consultation form under this notice available on the Public consultation of entities page of the Reliability Coordinator's website: (<https://www.hydroquebec.com/reliability-coordinator/documentation/consultation.html>), making sure to clearly identify the related section to which your comments pertain.

You may also send your questions and feedback directly to the following address: fiabilite@hydro.qc.ca.

Documents

- Proposed standard and Québec appendix
- Summary of the standard to be adopted, including preliminary assessment of its relevance and impact
- Redline standard and Québec appendix
