

## Consultation notice Project QC-2024-01

January 2024

### Notice recipients

- Entities listed in the Register of Entities
- North American Electric Reliability Corporation, Inc. (NERC)
- Northeast Power Coordinating Council (NPCC)
- NPCC Reliability Coordinators
- Régie de l'énergie du Québec (the "Régie") [Québec Energy Board]

**Consultation period:** January 15, 2024 to January 26, 2024.

### Purpose of the consultation

In accordance with the process established by the Régie in Decision [D-2011-139](#), the Québec Reliability Coordinator (the "Coordinator") is asking Registered Entities and stakeholders for comments on the following standards with the purpose of their eventual retirement by the Régie :

- **Standards to be retired:**
  - IRO-005-3.1a – Reliability Coordination - Current Day Operations
  - TOP-002-2.1b – Normal Operations Planning

The Coordinator solicits the feedback of Registered Entities on matters regarding the relevance and impact of the reliability standards proposed for retirement in the present document. For this purpose, please provide your comments using the online consultation form under this notice available on the Public consultation of entities page of the Reliability Coordinator's website: (<http://www.hydroquebec.com/transenergie/reliability/consultation.html>), making sure to clearly identify the document (and related section) to which your comments pertain. You may also send your questions and feedback directly to the following address: [fiabilite@hydro.qc.ca](mailto:fiabilite@hydro.qc.ca).

### Documents

- Summary of the standards to be withdrawn, including preliminary assessments of their relevance and impact
