

<p><b>Notice of Consultation Project QC-2020-02</b></p>
---

June 2020

**Notice addressed to:**

- Entities listed in the Register of Entities
- North American Electric Reliability Corporation, Inc. (NERC)
- Northeast Power Coordinating Council, Inc. (NPCC)
- NPCC Reliability Coordinators
- Régie de l'énergie du Québec (the "Régie") [Québec Energy Board]

**Consultation period:** June 15, 2020 to July 3, 2020

**Purpose of the consultation**

In accordance with the process established by the Régie in Decision [D-2011-139](#), the Québec Reliability Coordinator (the "Coordinator") is asking Registered Entities and stakeholders for comments on the following standard with a view to its eventual adoption by the Régie:

- PRC-006-NPCC-2 – Automatic Underfrequency Load Shedding

The Coordinator asks Registered Entities for their opinion on the relevance and impacts of the reliability standard to be adopted. Please provide your comments using the consultation form under this notice on the Public consultation of entities page of the Reliability Coordinator website (<http://www.hydroquebec.com/reliability-coordinator/consultation.html>). Make sure you clearly indicate the document (and document section) to which your comments refer.

You may also send your questions and comments directly to the following address: [fiabilite@hydro.qc.ca](mailto:fiabilite@hydro.qc.ca).

**Documents**

- Proposed standard and Québec Appendix
- Summary of the standard to be adopted or withdrawn, including preliminary assessments of their relevance and impact
