

## Notice of Consultation Project QC-2020-03

August 2020

### Notice addressed to:

- Entities listed in the Register of Entities
- North American Electric Reliability Corporation, Inc. (NERC)
- Northeast Power Coordinating Council, Inc. (NPCC)
- NPCC Reliability Coordinators
- Régie de l'énergie du Québec (the "Régie") [Québec Energy Board]

**Consultation period:** August 7, 2020 to September 4, 2020

### Purpose of the consultation

In accordance with the process established by the Régie in Decision [D-2011-139](#), the Québec Reliability Coordinator (the "Coordinator") is asking Registered Entities and stakeholders for comments on the following standards in view of their eventual adoption by the Régie:

- PER-003-2 — Titre de compétences du personnel d'exploitation
- PER-006-1 — Operating Personnel Credentials
- PRC-025-2 — Generator Relay Loadability
- PRC-027-1 — Coordination of Protection Systems for Performance During Faults

The Coordinator asks Registered Entities for their opinion on the relevance and impacts of the reliability standard to be adopted. Please provide your comments using the consultation form under this notice on the Public consultation of entities page of the Reliability Coordinator website (<http://www.hydroquebec.com/reliability-coordinator/consultation.html>). Make sure you clearly indicate the document (and document section) to which your comments refer.

You may also send your questions and comments directly to the following address: [fiabilite@hydro.qc.ca](mailto:fiabilite@hydro.qc.ca).

### Documents

- Proposed standards and Québec Appendices
- Summary of the standards to be adopted or withdrawn, including preliminary assessments of their relevance and impact
- Proposed modifications to the Glossary
- Redline document
