

## Consultation notice Project QC-2023-03

February 2023

### Notice recipients

Entities listed in the Register of Entities Subject to Reliability Standards  
North American Electric Reliability Corporation, Inc. (NERC)  
Northeast Power Coordinating Council (NPCC)  
NPCC Reliability Coordinators  
Régie de l'énergie du Québec (the "Régie") [Québec Energy Board]

**Consultation period:** February 20 to March 13, 2023.

### Purpose of the consultation

In accordance with the process established by the Régie in Decision [D-2011-139](#), the Québec Reliability Coordinator (the "Coordinator") is asking Registered Entities for comments on the following standards in view of their eventual adoption by the Régie:

#### New standard versions:

- FAC-001-4 – Facility Interconnection Requirements
- FAC-002-4 – Facility Interconnection Studies

#### Standards to be retired:

- FAC-001-3 – Facility Interconnection Requirements
- FAC-002-3 – Facility Interconnection Studies

The Coordinator solicits the feedback of Registered Entities on matters regarding the relevance and impact of the proposed standards. For this purpose, please provide your comments using the online consultation form under this notice available on the Public consultation of entities page of the Coordinator's website: (<https://www.hydroquebec.com/reliability-coordinator/documentation/consultation.html>), making sure to clearly identify the related section to which your comments pertain.

You may also send your questions and feedback directly to the following address: [fiabilite@hydro.qc.ca](mailto:fiabilite@hydro.qc.ca).

### Documents

- Proposed standards and Québec appendices
- Summary of the standards to be adopted, including preliminary assessment of their relevance and impact
- Standards Technical Rationale
- Implementation Guidance
- Redline standards
- Redline appendices
