

**Recommended Implementation Dates  
for the standards (including their appendices) included in project QC-2012-01**

As part of project QC-2012-01, the Reliability Coordinator proposes the following implementation dates for the standards listed below.

Standard	Implementation date in the United States	Recommended Implementation date in Québec	Justification
<b>EOP-003-2</b>	October 1 <sup>st</sup> 2013	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>FAC-008-3</b>	January 1 <sup>st</sup> 2013	The first day of the first calendar quarter, 6 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>FAC-013-2</b>	April 1 <sup>st</sup> 2013	The first day of the first calendar quarter, 6 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>IRO-008-1</b>	October 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>IRO-009-1</b>	October 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>IRO-010-1a</b>	October 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>MOD-001-1a</b>	April 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>MOD-008-1</b>	April 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>MOD-028-1</b>	April 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>MOD-029-1a</b>	April 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces

Standard	Implementation date in the United States	Recommended Implementation date in Québec	Justification
<b>MOD-030-2</b>	April 1 <sup>st</sup> 2011	The first day of the first calendar quarter, 3 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>PER-004-2</b>	April 1 <sup>st</sup> 2011	At the date as the implementation date of requirement R3 of the standard PER-005-1.	Coherence with the standard PER-005-1
<b>PER-005-1</b>	April 1 <sup>st</sup> 2011 <sup>1</sup>	R1 : January 1 <sup>st</sup> 2014 R1.1. : January 1 <sup>st</sup> 2014 R1.1.1. : January 1 <sup>st</sup> 2014 R1.2. : January 1 <sup>st</sup> 2014 R1.3. : January 1 <sup>st</sup> 2014 R1.4. : January 1 <sup>st</sup> 2014 R2. : January 1 <sup>st</sup> 2014 R2.1. : January 1 <sup>st</sup> 2014 R3. : October 1 <sup>st</sup> 2013 R3.1. : July 1 <sup>st</sup> 2014	Synchronisation with the United States and neighbouring provinces
<b>PRC-002-NPCC-01</b>	January 1 <sup>st</sup> 2012 <sup>2</sup>	At the same date as the standard PRC-018-1	Coherence with the ruling of the Régie
<b>PRC-006-1</b>	October 1 <sup>st</sup> 2013	The first day of the first calendar quarter, 6 months following the adoption of the standard and its appendix by the Régie de l'énergie.	Synchronisation with the United States and neighbouring provinces
<b>PRC-018-1 appendix QC-PRC-018)</b>	Not applicable	At the same date as the standard PRC-002-NPCC-01	Coherence with the ruling of the Régie
<b>PRC-023-2</b>	July 1 <sup>st</sup> 2012 <sup>3</sup>	R1. : October 1 <sup>st</sup> 2013 R2. : October 1 <sup>st</sup> 2013 R3. : October 1 <sup>st</sup> 2013 R4. : January 1 <sup>st</sup> 2014 R5. : January 1 <sup>st</sup> 2014 R6. : October 1 <sup>st</sup> 2014	Synchronisation with the United States and neighbouring provinces

<sup>1</sup> Includes an implementation plan by requirement ending April 1<sup>st</sup> 2014.

<sup>2</sup> Includes an implementation plan b percentage of completeness ending October 20<sup>th</sup> 2015..

<sup>3</sup> Includes an implementation plan by requirement ending January 1<sup>st</sup> 2014.
